▶ TYPE: Sepitam-B80H56W45D

▶ Outdoor Box

▶ Description:

It is an outdoor surveillance box that can be applied for monitoring, surveillance, etc. This product provides IP66 protection level and is resistant and stable against water, dust and different climatic conditions.
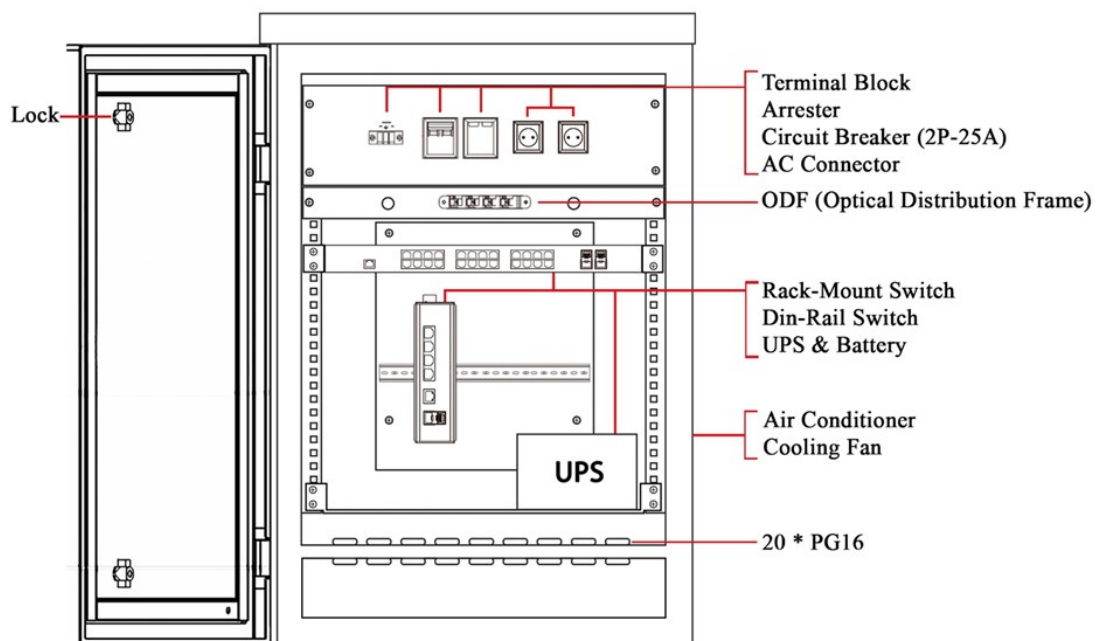

▶ Properties:

- Provide 1 channel AC220V power input;

- The box body adopts waterproof (protection level IP66), anti-rust treatment, suitable for long time outdoor use;

- It can be applied to safe cities, smart transportation, tourist attractions monitoring, forest monitoring, water conservancy monitoring, etc.

- The product is modular and the following modules and devices can be added to the box as needed:

    - Air conditioner fan

    - Lock

    - ODF (Optical Distribution Frame)

    - Gland

    - Light

    - Micro switch

- It is designed for rack-mount installation

▶Specifications:

Parameter	Sepitam-B80H56W45D
Power input	AC100~240V, 50/60Hz, 10A
Power module	AC 100~240V input; DC12V 2A output;
Operating Temperature	- 20℃~70℃
Storage Temperature	-40℃~85℃
Humidity (no condensation)	0~95%
Dimension (H×W×D)	80*56*45 cm
Material	Metal
Color	White

▶Structure:
